INDEX OF AUTHORS

A

Abrahams, D. Gordon: Septal infarction with recovery of the electrocardiogram. 233.
Auld, W. H. R. (and H. Watson): Fibro-elastosis of the heart in adolescence. 196.
Azvedo, A. C. (and R. Roubach, A. A. De Carvalho, A. Ney Toledo, and W. Zaniolo): Absence of pulse in both upper extremities due to an aortic arch anomaly. 438.

B

Bain, C. W. Curtis: Longevity with patent ductus arteriosus. 574.
Baker, C. G. (and T. R. L. Finnegan): Epilepsy and mitral stenosis. 159.
Bedford, D. Evan (and D. S. Short and William Evans): Solitary pulmonary hypertension. 93.
Besterman, E. M. (and P. Wood, M. K. Towers, and M. B. McIlroy): Effect of acetylcholine on pulmonary vascular resistance and left atrial pressure in mitral stenosis. 279.
—— Lipoproteins in coronary artery disease. 503.
Beyda, E. (and E. Donzelot, R. Heim De Balsac, and P. Samuel): Life expectation of patients with mitral stenosis with and without operation. 555.
Bourne, G.: Increased cardiac output caused by secondary hypernephroma. 301.
Braun, K. (and G. Izak and S. Z. Rosenberg): Pulmonary arterial pressure after priscoline in mitral stenosis. 217.
Broch, Ole Jacob (and Ottar Müller): Hæmodynamic studies during auricular fibrillation and after restoration of sinus rhythm. 222.
Brotmacher, L.: Hæmodynamic effects of squatting during repose. 559.
—— Hæmodynamic effects of squatting during recovery from exertion. 567.
Brown, J. W. (and D. Heath and W. Whitaker): Idiopathic pulmonary hypertension. 83.
Burchell, H. B. (and J. T. Shepherd, J. E. Edwards, H. J. C. Swan, and E. H. Wood): Clinical, physiological, and pathological considerations in idiopathic pulmonary hypertension. 70.

C

Campbell, Maurice (and G. A. K. Missen): Endocardial cushion defects: common atrio-ventricular canal and ostium primum. 403.
Caro, C. G. (and V. C. Lermanda, and H. A. Lyons): Aortic origin of the right pulmonary artery. 345.
Chesler, E. (and L. Schamroth): Wenckebach phenomenon associated with sialorrhœa. 577.
Cobbs, B. W. (and J. P. Shillingford and R. E. Steiner): Size of the left atrium in conditions other than mitral valve disease. 495.
Cosh, J. A.: Patent ductus arteriosus: a follow-up study of 75 cases. 13.
Cumming, A. R. R. (and A. J. Shillitoe): Ball-valve mitral obstruction by a sarcoma of a pulmonary vein. 287.
Czipott, Z. (and D. Halmagyi, B. Felkai, and G. Kovacs): Effect of serpasil in pulmonary hypertension. 375.

D

Davies, L. G. (and D. Julian): Heart sounds and intracardiac pressures in mitral stenosis. 486.
Davies, P.: Sino-auricular block associated with intrathoracic new growths. 431.
De Balsac, R. Heim (and Ch. Dubost, R. De Wall, C. Lenfant, J. Guery, J. Passelecq, M. Weiss, and J. Rouant): Extra-corporeal circulation and heart surgery. 67.
—— (and E. Donzelot, P. Samuel, and E. Beyda): Life expectation of patients with mitral stenosis with and without operation. 555.
De Carvalho, A. A. (and A. C. Azvedo, R. Roubach, A. Ney Toledo, and W. Zaniolo): Absence of pulse in both upper extremeties due to an aortic arch anomaly. 438.
De Wall, R. (and Ch. Dubost, R. Heim De Balsac, C. Lenfant, J. Guery, J. Passelecq, M. Weiss, and J. Rouant): Extra-corporeal circulation in heart surgery. 67.
Dewhurst, W.: Malignant auricular arrhythmia. 387.
Dickens, J. (and L. Villaca, A. Woldow, and H. Goldberg): Hæmodynamics of mitral stenosis before and after commissurotomy. 419.
Donzelot, E. (and R. Heim De Balsac, P. Samuel, and E. Beyda): Life expectation of patients with mitral stenosis with and without operation. 555.
Doyle, A. E. (and G. H. Neilson): Valsalva manœuvre in aortic valve disease. 525.
—— (and J. F. Goodwin, C. V. Harrison, and R. E. Steiner): Pulmonary vascular patterns in pulmonary hypertension. 353.

Dubost, Ch. (and R. Heim De Balsac, R. De Wall, C. Lenfant, J. Guery, J. Passelecq, M. Weiss, and R. Rouant): Extra-corporeal circulation and heart surgery. 67.
Duff, R. S.: Adrenaline sensitivity of peripheral blood vessels in hypertension. 45.

E

Edwards, J. E. (and J. T. Shepherd, H. B. Burchell, H. J. C. Swan, and E. H. Wood): Clinical, physiological, and pathological considerations in idiopathic pulmonary hypertension. 70.
Elliott, C. B. (and W. C. D. Richards): Aneurysm of an anomalous right subclavian artery. 141.
Emanuel, R. (and J. N. Pattinson): Aorta and pulmonary arteries in Fallot's tetralogy. 201.
Evans, Byron: Obscure cardiopathy. 164.
Evans, William (and D. S. Short, and D. Evan Bedford): Solitary pulmonary hypertension. 93.
—— (and H. G. Lloyd-Thomas): Syndrome of the suspended heart. 153.
—— (and R. K. Pillay): Additional electrocardiographic signs of cardiac pain. 366.
—— (and D. S. Short): Pulmonary hypertension in mitral stenosis. 457.

F

Felkai, B. (and D. Halmagyi, Z. Czipott, and G. Kovacs): Effect of serpasil in pulmonary hypertension. 375.
Finnegan, T. R. L. (and C. G. Baker): Epilepsy and mitral stenosis. 159.
Fleming, P. R. (and F. H. Muir): Electrocardiographic changes in hypothermia in man. 59.
—— Mechanism of the pulsus bisferiens. 519.
Fleming, R. A. (and C. L. N. Robinson): Pulmonary ossification with cardiac calcification in mitral valve disease. 532.

G

Gelfand, M.: Kaposi's hæmangiosarcoma of the heart. 290.
Gibbs, N. M. (and J. C. Haworth and J. Rendle-Short): Endocardial fibro-elastosis with generalized lymphadenopathy, œdema, and rash. 193.
Goldberg, H. (and J. Dickens, L. Villaca, and A. Woldow): Hæmodynamics of mitral stenosis before and after commissurotomy. 419.
Goodwin, L. F. (and A. E. Doyle, C. V. Harrison, and R. E. Steiner): Pulmonary vascular patterns in pulmonary hypertension. 353.
Graham, G. R. (and J. Wagner): Atrial septal defect in children. 318.
Gresham, G. A.: Networks in the right side of the heart. 381.
Guery, J. (Ch. Dubost, R. Heim De Balsac, R. De Wall, C. Lenfant, J. Passelecq, M. Weiss, and J. Rouant): Extra-corporeal circulation and heart surgery. 67.

H

Halmagyi, D. (and B. Felkai, Z. Czipott, and G. Kovacs): Effect of serpasil in pulmonary hypertension. 375.
Hammond, J. (and W. Whitaker): Effect of intravenous digoxin in auricular fibrillation. 23.
Hanbury, W. J.: Calcified cardiac aneurysm. 435.
Harris, P.: Influence of acetylcholine on pulmonary arterial pressure. 272.
Harrison, C. V. (and A. E. Doyle, J. Goodwin, and R. E. Steiner): Pulmonary vascular patterns in pulmonary hypertension. 353.
Harvie, F. H. (and F. A. L. Mathewson): Complete heart block in an experienced pilot. 253.
Haworth, J. C. (and N. M. Gibbs and J. Rendle-Short): Endocardial fibro-elastosis with generalized lymphadenopathy, œdema, and rash. 193.
Heady, J. A. (and J. N. Morris): Prognosis of coronary heart disease in medical practitioners. 227.
Heath, D. (and W. Whitaker, and J. W. Brown): Idiopathic pulmonary hypertension. 83.
—— (and W. Whitaker): Small pulmonary blood vessels in atrial septal defect. 327.
Hollman, A.: Anatomical appearance of rheumatic tricuspid valve disease. 211.
Howarth, Sheila (and E. P. Sharpey-Schafer): Baroceptor responses to acute rhythm changes. 39.
Hurt, R. L. (and B. G. Wells): Congenital arteriovenous fistula of the internal mammary vessels. 135.

I

Ikkos, D. (and E. Mannheimer and B. Jonsson): Prognosis of isolated ventricular septal defects. 333.
Izak, G. (and K. Braun and S. Z. Rosenberg): Pulmonary arterial pressure after priscoline in mitral stenosis. 217.

J

Jones, A. Morgan: Dogma and experiment in Harvey's time. 448.
Jonsson, B. (and E. Mannheimer and D. Ikkos): Prognosis of isolated ventricular septal defects. 333.
Julian, D. (and L. G. Davies): Heart sounds and intracardiac pressures in mitral stenosis. 486.

K

Korner, P. (and J. Shillingford): Triscuspid incompetence and right ventricular output in congestive heart failure. 1.
Kovacs, G. (and D. Halmagyi, B. Felkai, and Z. Czipott): Effect of serpasil in pulmonary hypertension. 375.
Kunkler, P. B. (and Whitfield, A. G. W.): Radiation reactions in the heart. 53.

L

Leatham, A. (and D. Weitzman): Auscultatory and phonocardiographic signs of pulmonary stenosis. 303.
Lee, G. J.: Total and peripheral blood flow in acute myocardial infarction. 117.
Lenfant, J. (and Ch. Dubost, R. Heim De Balsac, R. De Wall, J. Guery, J. Passelecq, M. Weiss, and J. Rouant): Extra-corporeal circulation in heart surgery. 67.
Lermanda, V. C. (and C. G. Caro, and H. A. Lyons): Aortic origin of the right pulmonary artery. 345.
Lloyd-Thomas, H. G. (and William Evans): Syndrome of the suspended heart. 153.
Lottenbach, C. (and J. Shillingford): Functional tricuspid incompetence in relation to venous pressure. 395.
Lynch, J. B. (and J. Watt): Diffuse endomyocardial sclerosis. 173.
Lyons, H. A. (and C. G. Caro, and V. C. Lermanda): Aortic origin of the right pulmonary artery. 345.

M

Macdonald, Mary K. (and N. Maclean): Aneurysm of the mitral valve in subacute bacterial endocarditis. 550.
Maclean, N. (and Mary K. Macdonald): Aneurysm of the mitral valve in subacute bacterial endocarditis. 550.
Mannheimer, E. (and D. Ikkos and B. Jonsson): Prognosis of isolated ventricular septal defects. 333.
Matthewson, F. A. L. (and F. H. Harvie): Complete heart block in an experienced pilot. 253.
McIlroy, M. B. (and P. Wood, E. M. Besterman, and M. K. Towers): Effect of acetylcholine on pulmonary vascular resistance and left atrial pressure in mitral stenosis. 279.
—— (and D. Mendel): Mechanical properties of the lungs in patients with periodic breathing. 399.
Mendel, D. (and M. B. McIlroy): Mechanical properties of the lungs in patients with periodic breathing. 399.
Missen, G. A. K. (and Maurice Campbell): Endocardial cushion defects: common atrio-ventricular canal and ostium primum. 403.
Morris, J. N. (and J. A. Heady): Prognosis of coronary heart disease in medical practitioners. 227.
Mounsey, P.: Præcordial ballistocardiography. 259.
Muir, F. H. (and P. R. Fleming): Electrocardiographic changes in hypothermia in man. 59.
Müller, Ottar (and Ole Jacob Broch): Hæmodynamic studies during auricular fibrillation and after restoration of sinus rhythm. 222.

N

Neilson, G. H. (and A. E. Doyle): Valsalva manœuvre in aortic valve disease. 525.

P

Parsons, C.: Ventricular extension into the abdominal wall. 34.
Passelecq, J. (and Ch. Dubost, R. Heim De Balsac, R. De Wall, C. Lenfant, J. Guery, M. Weiss, and J. Rouant): Extra-corporeal circulation and heart surgery. 67.
Pattinson, J. N. (and R. Emanuel): Aorta and pulmonary arteries in Fallot's tetralogy. 201.
Pillay, R. K. (and William Evans): Additional electrocardiographic signs of cardiac pain. 366.

R

Reid, J. V. O.: Dilatation of the aorta due to granulomatous (giant-cell) aortitis. 206.
Reinhold, J. (and Rudhe, U.): Relation of the first and second heart sounds to events in the cardiac cycle. 473.
Rendle-Short, J. (and J. C. Haworth and N. M. Gibbs): Endocardial fibro-elastosis with generalized lymphadenopathy, œdema, and rash. 193.
Richards, W. C. D. (and C. B. Elliott): Aneurysm of an anomalous right subclavian artery. 141.
Robinson, C. L. N. (and R. A. Fleming): Pulmonary ossification with cardiac calcification in mitral valve disease. 532.
Roddie, I. C. (and J. T. Shepherd and R. F. Whelan): Whole blood oximeter. 516.
Rosenberg, S. Z. (and K. Braun and G. Izak): Pulmonary arterial pressure after priscoline in mitral stenosis. 217.
Rouant, J. (and Ch. Dubost, R. Heim De Balsac, R. De Wall, C. Lenfant, J. Guery, J. Passelecq, and M. Weiss): Extra-corporeal circulation and heart surgery. 67.
Roubach, R. (and A. C. Azvedo, A. A. De Carvalho, A. Ney Toledo, and W. Zaniolo): Absence of pulse in both upper extremities due to an aortic arch anomaly. 438.
Rudhe, U. (and J. Reinhold): Relation of the first and second heart sounds to events in the cardiac cycle. 473.

S

Samuel, P. (and E. Donzelot, R. Heim De Balsac, and E. Beyda): Life expectation of patients with mitral stenosis with and without operation. 555.
Schamroth, L. (and E. Chesler): Wenckebach phenomenon associated with sialorrhœa. 577.
Sharpey-Schafer, E. P. (and Sheila Howarth): Baroceptor responses to acute rhythm changes. 39.
Shephard, R. J.: Electrocardiographic changes during pressure breathing. 243.
Shepherd, J. T. (and J. E. Edwards, H. B. Burchell, H. J. C. Swan, and E. H. Wood): Clinical, physiological, and pathological considerations in idiopathic pulmonary hypertension. 70.
—— (and I. C. Roddie, and R. F. Whelan): Whole blood oximeter. 516.
Shillingford, J. (and P. Korner): Tricuspid incompetence and right ventricular output in congestive heart failure. 1.
—— (and C. Lottenbach): Functional tricuspid incompetence in relation to the venous pressure. 395.
Shillingford, J. P. (and B. W. Cobbs, Jr. and R. E. Steiner): Size of the left atrium in conditions other than mitral valve disease. 495.
Shillitoe, A. J. (and A. R. R. Cumming): Ball-valve mitral obstruction by a sarcoma of a pulmonary vein. 287.

Short, D. S. (and William Evans and D. Evan Bedford): Solitary pulmonary hypertension. 93.
—— (and William Evans): Pulmonary hypertension in mitral stenosis. 457.
Steinberg, I.: Diagnosis of congenital aneurysm of the ventricular septum. 8.
Steiner, R. E. (and A. E. Doyle, J. F. Goodwin, and C. V. Harrison): Pulmonary vascular patterns in pulmonary hypertension. 353.
—— (and B. W. Cobbs, Jr. and J. P. Shillingford): Size of the left atrium in conditions other than mitral valve disease. 495.
Swan, H. J. C. (and J. T. Shepherd, J. E. Edwards, H. B. Burchell, and E. H. Wood): Clinical, physiological and pathological considerations in idiopathic pulmonary hypertension. 70.

T

Toledo, A. Ney (and A. C. Azvedo, R. Roubach, A. A. De Carvalho, and W. Zaniolo): Absence of pulse in both upper extremities due to an aortic arch anomaly. 438.
Towers, M. K. (and P. Wood, E. M. Besterman, and M. B. McIlroy): Effect of acetylcholine on pulmonary vascular resistance and left atrial pressure in mitral stenosis. 279.

V

Vakil, Rustom Jal: Repetitive paroxysmal ventricular tachycardia with fusion beats. 293.
Villaca, L. (and J. Dickens, A. Woldow, and H. Goldberg): Hæmodynamics of mitral stenosis before and after commissurotomy. 419.

W

Wagner, J. (and G. R. Graham): Atrial septal defect in children. 318.
Watson, H. (and A. H. R. Auld): Fibro-elastosis of the heart in adolescence. 186.
Watt, J. (and J. B. Lynch): Diffuse endomyocardial sclerosis. 173.
Weiss, L.: Rupture of an aneurysm of the right aortic sinus (of Valsalva). 138.
Weiss, M. (and Ch. Dubost, R. Heim De Balsac, R. De Wall, C. Lenfant, J. Guery, J. Passelecq, and J. Rouant): Extra-corporeal circulation and heart surgery. 67.
Weitzman, D. (and A. Leatham): Auscultatory and phonocardiographic signs of pulmonary stenosis. 303.
Wells, B.: Graphic configuration of innocent systolic murmurs. 129.
Wells, B. G. (and R. L. Hurt): Congenital arteriovenous fistula of the internal mammary vessels. 135.
Whelan, R. F. (and I. C. Roddie and J. T. Shepherd): Whole blood oximeter. 516.
Whitaker, W. (and D. Heath and J. W. Brown): Idiopathic pulmonary hypertension. 83.
—— (and J. Hammond): Effect of intravenous digoxin in auricular fibrillation. 23.
—— (and D. Heath): Small pulmonary blood vessels in atrial septal defect. 327.
Whitfield, A. G. W. (and P. B. Kunkler): Radiation reactions in the heart. 53.
Wigle, E. D.: Duplication of the mitral valve. 296.
—— Myocardial fibrosis and calcareous emboli in valvular heart disease. 539.
Woldow, A. (and J. Dickens, L. Villaca, and H. Goldberg): Hæmodynamics of mitral stenosis before and after commissurotomy. 419.
Wood, E. H. (and J. T. Shepherd, J. E. Edwards, H. B. Burchell, and H. J. C. Swan): Clinical, physiological and pathological considerations in idiopathic pulmonary hypertension. 70.
Wood, P. (and E. M. Besterman, M. K. Towers, and M. B. McIlroy): Effect of acetylcholine on pulmonary vascular resistance and left atrial pressure in mitral stenosis. 279.

Z

Zaniolo, W. (and A. C. Azvedo, R. Roubach, A. A. De Carvalho, and A. Ney Toledo): Absence of pulse in both upper extremities due to an aortic arch anomaly. 438.

INDEX OF SUBJECTS

A

Abdominal wall. Ventricular extension into the (C. Parsons). 34.
Abstracts of Cardiology. 147 and 441.
Acetylcholine on pulmonary arterial pressure. Influence of (P. Harris). 272.
Acetylcholine on pulmonary vascular resistance and left atrial pressure in mitral stenosis. The effect of (P. Wood, E. M. Besterman, M. K. Towers, and M. B. McIlroy). 279.
Adolescence. Fibro-elastosis of the heart in (W. H. R. Auld and H. Watson). 186.
Adrenaline sensitivity of peripheral blood vessels in hypertension (R. S. Duff). 45.
Anatomical appearance of rheumatic tricuspid valve disease (A. Hollman). 211.
Aneurysm. Calcified cardiac (W. J. Hanbury). 435.
Aneurysm of an anomalous right subclavian artery (W. C. D. Richards and C. B. Elliott). 141.
Aneurysm of the mitral valve in subacute bacterial endocarditis (N. Maclean and Mary K. Macdonald). 550.
Aneurysm of the ventricular septum. Diagnosis of congenital (I. Steinberg). 8.
Aorta and pulmonary arteries in Fallot's tetralogy (J. N. Pattinson and R. W. Emanuel). 201.
Aorta due to granulomatous (giant-cell) aortitis. Dilatation of the (J. V. O. Reid). 206.
Aortic origin of the right pulmonary artery (C. G. Caro, V. C. Lermanda, and H. A. Lyons). 345.
Aortic valve disease. Valsalva manœuvre in (A. E. Doyle and G. H. Neilson). 525.
Arrhythmia. Malignant auricular (W. Dewhurst). 387.
Atrial septal defect in children (J. Wagner and G. R. Graham). 318.
Atrial septal defect. Small pulmonary blood vessels in (D. Heath and W. Whitaker). 327.
Atrium in conditions other than mitral valve disease. Size of the left (B. W. Cobbs, Jr., J. P. Shillingford, and R. E. Steiner). 495.
Auricular fibrillation and after restoration of sinus rhythm. Hæmodynamic studies during (Ole Jacob Broch and Ottar Müller). 222.
Auscultatory and phonocardiographic signs of pulmonary stenosis (A. Leatham and D. Weitzman). 303.

B

Bacterial endocarditis. Aneurysm of the mitral valve in subacute (N. Maclean and Mary K. Macdonald). 550.
Ballistocardiography. Præcordial (P. Mounsey). 259.
Ball-valve mitral obstruction by a sarcoma of a pulmonary vein (A. R. R. Cumming and A. J. Shillitoe). 287.
Baroceptor responses to acute rhythm changes (Sheila Howarth and E. P. Sharpey-Schafer). 39.
Blood flow in acute myocardial infarction. Total and peripheral (G. J. Lee). 117.

C

Calcification in mitral valve disease. Pulmonary ossification with (R. E. Fleming and C. L. N. Robinson). 532.
Calcified cardiac aneurysm (W. J. Hanbury). 435.
Cardiac cycle. Relation of the first and second heart sounds to events in the (J. Reinhold and U. Rudhe). 473.
Cardiac output caused by secondary hypernephroma (G. Bourne). 301.
Cardiac pain. Additional electrocardiographic signs of (William Evans and R. K. Pillay). 366.
Cardiopathy. Obscure (Byron Evans). 164.
Commissurotomy. Hæmodynamics of mitral stenosis before and after (J. Dickens, L. Villaca, A. Woldow, and H. Goldberg). 419.
Common atrio-ventricular canal and ostium primum. Endocardial cushion defects: (Maurice Campbell and G. A. K. Missen). 403.
Congenital arteriovenous fistula of the internal mammary vessels (B. G. Wells and R. L. Hurt). 135.
Congestive heart failure. Tricuspid incompetence and right ventricular output in (P. Korner and J. Shillingford). 1.
Coronary artery disease. Lipoproteins in (E. M. M. Besterman). 503.
Coronary heart disease in medical practitioners. Prognosis of (J. N. Morris and J. A. Heady). 227.

D

Digoxin in auricular fibrillation. Effect of intravenous (J. Hammond and W. Whitaker). 23.

E

Electrocardiogram. Septal infarction with recovery of the (D. Gordon Abrahams). 233.
Electrocardiographic changes during pressure breathing (R. J. Shephard). 243.
Electrocardiographic changes in hypothermia in man (P. R. Fleming and F. H. Muir). 59.
Electrocardiographic signs of cardiac pain. Additional (William Evans and R. K. Pillay). 366.
Emboli in valvular heart disease. Myocardial fibrosis and calcareous (E. D. Wigle). 539.

Endocardial cushion defects: common atrio-ventricular canal and ostium primum (Maurice Campbell and G. A. K. Missen). 403.
Endomyocardial sclerosis. Diffuse (J. B. Lynch and J. Watt). 173.
Epilepsy and mitral stenosis (C. G. Baker and T. R. L. Finnegan). 159.
European Congress of Cardiology. Second. 144.
Extra-corporeal circulation and heart surgery (Ch. Dubost, R. Heim De Balsac, R. De Wall, C. Lenfant, J. Guery, J. Passelecq, M. Weiss, and J. Rouant). 67.

F

Fallot's tetralogy. Aorta and pulmonary arteries in (J. N. Pattinson and R. W. Emanuel). 201.
Fibrillation. Effect of intravenous digoxin in auricular (J. Hammond and W. Whitaker). 23.
Fibro-elastosis of the heart in adolescence (W. H. R. Auld and H. Watson). 186.
Fibro-elastosis with generalized lymphadenopathy, œdema and rash. Endocardial (N. M. Gibbs, J. C. Haworth, and J. Rendle-Short). 193.

G

Granulomatous (giant-cell) aortitis. Dilatation of the aorta due to (J. V. O. Reid). 206.
Graphic configuration of innocent systolic murmurs (B. Wells). 129.
Growths. Sino-auricular block associated with new (P. Davies). 431.

H

Hæmodynamic effects of squatting during repose (L. Brotmacher). 559.
Hæmodynamic effects of squatting during recovery from exertion (L. Brotmacher). 567.
Hæmodynamics of mitral stenosis before and after commissurotomy (J. Dickens, L. Villaca, A. Woldow, and H. Goldberg). 419.
Hæmodynamic studies during auricular fibrillation and after restoration of sinus rhythm (Ole Jacob Broch and Ottar Müller). 222.
Harvey, William, 1578–1657. 447.
Harvey's Time. Dogma and Experiment in (A. Morgan Jones). 448.
Heart block in an experienced pilot. Complete (F. A. L. Mathewson and F. H. Harvie). 253.
Heart. Networks in the right side of the (G. A. Gresham). 381.
Heart. Radiation reactions in the (A. G. W. Whitfield and P. B. Kunkler). 53.
Heart sounds to events in the cardiac cycle. Relation of the first and second (John Reinhold and Ulf Rudhe). 473.
Heart sounds and intracardiac pressures in mitral stenosis (D. Julian and L. G. Davies). 486.
Hypernephroma. Increased cardiac output caused by secondary (G. Bourne). 301.
Hypertension. Adrenaline sensitivity of peripheral blood vessels in (R. S. Duff). 45.
Hypothermia in man. Electrocardiographic changes in (P. R. Fleming and F. H. Muir). 59.

I

Idiopathic pulmonary hypertension (D. Heath, W. Whitaker, and J. W. Brown). 83.
Idiopathic pulmonary hypertension. Clinical, physiological and pathological considerations in (J. T. Shepherd, J. E. Edwards, H. B. Burchell, H. J. C. Swan, and E. H. Wood). 70.

K

Kaposi's hæmangiosarcoma of the heart (M. Gelfand). 290.

L

Life expectation of patients with mitral stenosis with and without operation (E. Donzelot, R. Heim De Balsac, P. Samuel, and E. Beyda). 555.
Lipoproteins in coronary artery disease (E. M. M. Besterman). 503.
Lungs in patients with periodic breathing. Mechanical properties of the (D. Mendel and M. B. McIlroy). 399.

M

Malignant auricular arrhythmia (W. Dewhurst). 387.
Mechanical properties of the lungs in patients with periodic breathing (D. Mendel and M. B. McIlroy). 399.
Mechanism of the pulsus bisferiens (P. R. Fleming). 519.
Medical practitioners. Prognosis of coronary heart disease in (J. N. Morris and J. A. Heady). 227.
Mitral stenosis before and after commissurotomy. Hæmodynamics of (J. Dickens, L. Villaca, A. Woldow, and H. Goldberg). 419.
Mitral stenosis. Effect of acetylcholine on pulmonary vascular resistance and left atrial pressure in (P. Wood, E. M. Besterman, M. K. Towers, and M. B. McIlroy). 279.
Mitral stenosis. Epilepsy and (C. G. Baker and T. R. L. Trounce). 159.
Mitral stenosis. Heart sounds and intracardiac pressures in (D. Julian and L. G. Davies). 386.
Mitral stenosis. Pulmonary arterial pressure after priscoline in (K. Braun, G. Izak, and S. Z. Rosenberg). 217.
Mitral stenosis. Pulmonary hypertension in (William Evans and D. S. Short). 457.
Mitral stenosis with and without operation. Life expectation of patients with (E. Donzelot, R. Heim De Balsac, P. Samuel, and E. Beyda). 555.

Mitral valve disease. Pulmonary ossification with cardiac calcification in (R. A. Fleming and C. L. N. Robinson). 532.
Mitral valve. Duplication of the (E. D. Wigle). 296.
Mitral valve disease. Size of the left atrium in conditions other than (B. W. Cobbs, Jr., J. P. Shillingford, and R. E. Steiner). 495.
Myocardial infarction. Total and peripheral blood flow in acute (G. J. Lee). 117.
Myocardial fibrosis and calcareous emboli in valvular heart disease (E. D. Wigle). 539.

N

Networks in the right side of the heart (G. A. Gresham). 381.

O

Ostium primum. Endocardial cushion defects: common atrio-ventricular canal and (M. Campbell and G. A. K. Missen). 403.
Oximeter. A whole blood (I. C. Roddie, J. T. Shepherd, and R. F. Whelan). 516.

P

Paroxysmal ventricular tachycardia with fusion beats (Rustom Jal Vakil). 293.
Patent ductus arteriosus. A follow-up study of 75 cases (J. A. Cosh). 13.
Patent ductus arteriosus. Longevity in (C. W. Curtis Bain). 574.
Phonocardiographic signs of pulmonary stenosis. Auscultatory and (A. Leatham and D. Weitzman). 303.
Præcordial ballistocardiography. (P. Mounsey). 259.
Pressure breathing. Electrocardiographic changes during (R. J. Shephard). 243.
Pressure in mitral stenosis. Heart sounds and intracardiac (D. Julian and L. G. Davies). 486.
Priscoline in mitral stenosis. Pulmonary arterial pressure after (K. Braun, G. Izak, and S. Z. Rosenberg). 217.
Proceedings of the British Cardiac Society. 581.
Prognosis of coronary heart disease in medical practitioners (J. N. Morris and J. A. Heady). 227.
Prognosis of isolated ventricular septal defects (E. Mannheimer, D. Ikkos, and B. Jonsson). 333.
Pulmonary arterial pressure after priscoline in mitral stenosis (K. Braun, G. Izak, and S. Z. Rosenberg.) 217.
Pulmonary arterial pressure. Influence of acetylcholine on (P. Harris). 272.
Pulmonary artery. Aortic origin of the right (C. G. Caro, V. C. Lermanda, and H. A. Lyons). 345.
Pulmonary blood vessels in atrial septal defect. Small (D. Heath and W. Whitaker). 327.
Pulmonary hypertension. Clinical, physiological and pathological considerations in idiopathic (J. T. Shepherd, J. E. Edwards, H. B. Burchell, H. J. C. Swan, and E. H. Wood). 70.
Pulmonary hypertension. Effect of serpasil in (D. Halmagyi, B. Felkai, Z. Czipott, and G. Kovacs). 375.
Pulmonary hypertension. Idiopathic (D. Heath, W. Whitaker, and J. W. Brown). 83.
Pulmonary hypertension in mital stenosis (William Evans and D. S. Short). 457.
Pulmonary hypertension. Solitary (W. Evans, D. S. Short, and D. Evan Bedford). 93.
Pulmonary hypertension. Pulmonary vascular patterns in (E. Doyle, J. F. Goodwin, C. V. Harrison, and R. E. Steiner). 353.
Pulmonary ossification with cardiac calcification in mitral valve disease (R. A. Fleming and C. L. N. Robinson). 532.
Pulmonary stenosis. Auscultatory and phonocardiographic signs of (A. Leatham and D. Weitzman). 303.
Pulmonary vascular patterns in pulmonary hypertension (A. E. Doyle, J. F. Goodwin, C. V. Harrison, and R. E. Steiner). 353.
Pulmonary vascular resistance and left atrial pressure in mitral stenosis. Effect of acetylcholine on (P. Wood, E. M. Besterman, M. K. Towers, and M. B. McIlroy). 279.
Pulse in both upper extremities. Absence of (A. C. Azvedo, R. Roubach, A. A. De Carvalho, A. Ney Toledo, and W. Zaniolo). 438.
Pulsus bisferiens. Mechanism of the (P. R. Fleming). 519.

R

Radiation reactions in the heart (A. G. W. Whitfield and P. B. Kunkler). 53.
Rheumatic tricuspid valve disease. Anatomical appearance of (A. Hollman). 211.
Rhythm changes. Baroceptor responses to acute (Sheila Howarth and E. P. Sharpey-Schafer). 39.
Rupture of an aneurysm of the right aortic sinus (of Valsalva) (L. Weiss). 138.

S

Sclerosis. Diffuse endomyocardial (J. B. Lynch and J. Watt). 173.
Septal infarction with recovery of the electrocardiogram (D. Gordon Abrahams). 233.
Serpasil in pulmonary hypertension. Effect of (D. Halmagyi, B. Felkai, Z. Czipott, and G. Kovacs). 375.
Sino-auricular block associated with intrathoracic new growths (P. Davies). 431.
Sinus rhythm. Hæmodynamic studies during auricular fibrillation and after restoration of (Ole Jacob Broch and Ottar Müller). 222.
Size of the left atrium in conditions other than mitral valve disease (B. W. Cobbs, Jr., J. P. Shillingford, and R. E. Steiner). 495.
Solitary pulmonary hypertension (W. Evans, D. S. Short, and D. Evan Bedford). 93.
Suspended heart. The syndrome of (William Evans and H. G. Lloyd-Thomas). 153.
Squatting during repose. Hæmodynamics of (L. Brotmacher). 559.

Squatting during recovery from exertion. Hæmodynamic effects of (L. Brotmacher). 567.
Surgery. Extra-corporeal circulation and heart (Ch. Dubost, R. Heim De Balsac, R. De Wall, C. Lenfant, J. Guery, J. Passelecq, M. Weiss, and J. Rouant). 67.
Syndrome of the suspended heart (William Evans and H. G. Lloyd-Thomas). 153.
Systolic murmurs. Graphic configuration of innocent (B. Wells). 129.

T

Tricuspid incompetence in relation to the venous pressure. Functional (C. Lottenbach and J. Shillingford). 395.
Tricuspid incompetence and right ventricular output in congestive heart failure (Paul Korner and John Shillingford). 1.

V

Valsalva manœuvre in aortic valve disease (A. E. Doyle and G. H. Neilson). 525.
Valvular heart disease. Myocardial fibrosis and calcareous emboli in (E. D. Wigle). 539.
Venous pressure. Functional tricuspid incompetence in relation to the (C. Lottenbach and J. Shillingford). 395.
Ventricular extension into the abdominal wall (C. Parsons). 34.
Ventricular output in congestive heart failure. Tricuspid incompetence and right (P. Korner and J. Shillingford). 1.
Ventricular septum. Diagnosis of congenital aneurysm of the (I. Steinberg). 8.
Ventricular septal defects. Prognosis of isolated (E. Mannheimer, D. Ikkos, and B. Jonsson). 333.

W

Wenckebach phenomenon associated with sialorrhœa (E. Chesler and L. Schamroth). 577.
Whole blood oximeter (I. C. Roddie, J. T. Shepherd, and R. F. Whelan). 516.

Guery,

395.
d). 1.
